

Our concrete base for easy installation in soft ground is made especially for our Ladeeda pedestal.

Specifications

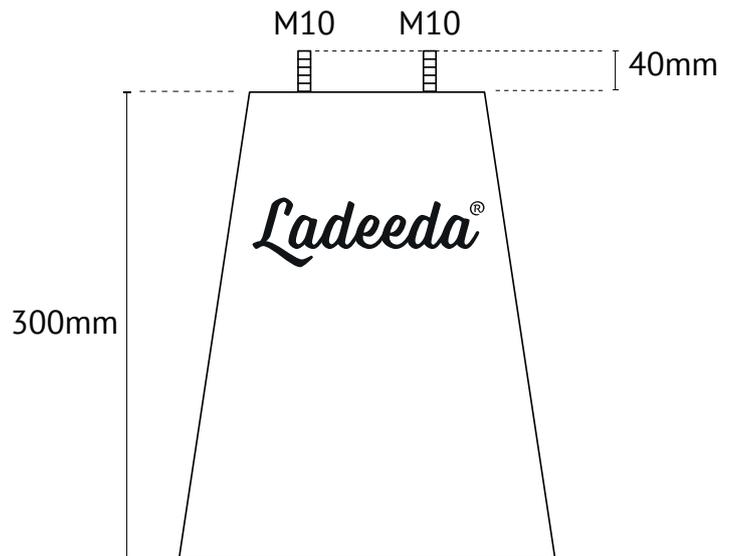

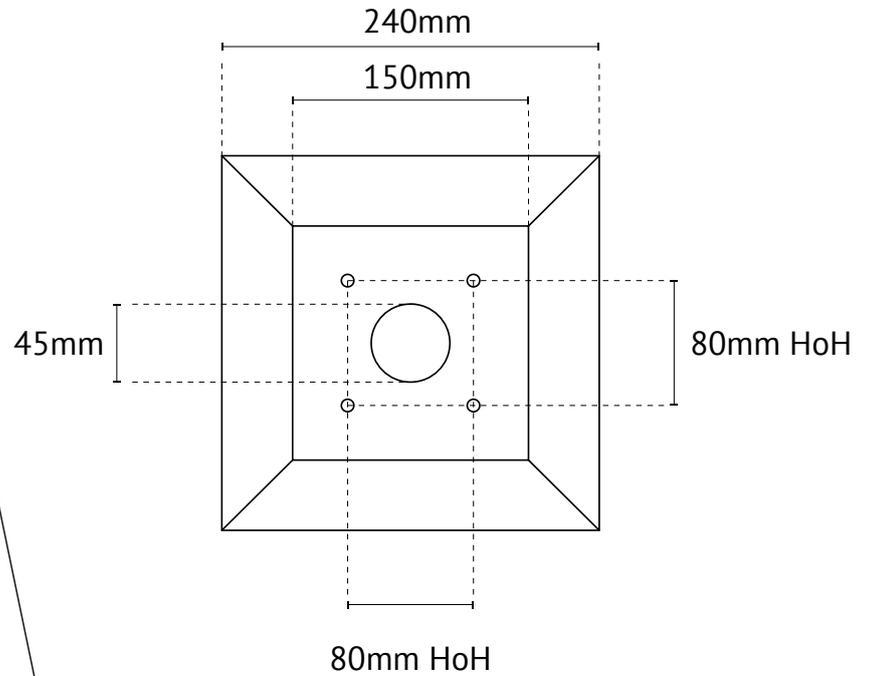

- Cable entry diameter 45mm
- 4x M10 threaded rod
- 4x hexagon flange nut, on which the Ladeeda footplate can easily be mounted.
- Weight of +/- 23 kg and should be secured with a bag of concrete, depending on the surface.
- Dimensions: 15x15 / 24x24 / H30cm

With our concrete base you don't need an extra mounting kit, you can mount the Ladeeda pedestal directly on it.

15x15 / 24x24 / H30cm
4xM10 - cable entrance Ø45mm
